## European PhD Network "Insect Science" - XII Annual Meeting

17-19 November 2021

### **SAVE THE DATE**

**17 – 19 November 2021**

**Meeting type (virtual or in presence: to be defined)**

The 12<sup>th</sup> Annual Meeting of the European PhD Network in “Insect Science” will be held from Wednesday 17 (afternoon) to Friday 19 (until noon) of November 2021.

The Annual Meeting of the European PhD Schools in Insect Science is a consolidated event offered to all doctoral and post-doctoral students in the field of entomology and related subjects. The meeting is organised by the Società Entomologica Italiana and the Accademia Nazionale Italiana di Entomologia.

If possible, the event will be organised in presence at the Università degli Studi di Firenze (Scuola di Agraria).

The meeting will be structured in sessions, which will be defined later, based on the abstracts we receive, covering a broad range of themes.

A poster (if onsite) or short presentation (if online) session is also planned. The time slots will be defined based on the number of participants and communicated on due time.

The number of participants is limited. In case the registrations exceed this limit, priority will be given on a first come first served basis.

We kindly ask you to let us know if you would plan to travel and meet, if the COVID situation will be safe enough in November. Please send us your opinion [filling this brief survey](#).

Hopefully, we plan to send you more details in September. Programme and news will be also published on <https://www.academiaentomologia.it/scuole/>

Stay safe and tuned.

Francesco Pennacchio & Andrea Battisti
